This annual report covers All Star KFM Income Fund as an individual entity.

The Responsible Entity of All Star KFM Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975).

The Responsible Entity's registered office is:
Level 1, 575 Bourke Street
Melbourne, VIC 3000.

Directors' report

The directors of Equity Trustees Limited, the Responsible Entity of All Star KFM Income Fund (the "Fund"), present their report together with the financial statements of the Fund for the year ended 30 June 2017.

Principal activities

The Fund invests predominantly in high yielding securities listed on the Australian Securities Exchange such as hybrid securities (fixed and floating), money market and fixed interest investments, property trusts, preference shares, utilities and infrastructure stocks and ordinary shares, particularly high yielding securities such as bank shares, as well as cash. Option strategies are used for generating income and asset protection. The Fund will continue to invest in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year.

The various service providers for the Fund are detailed below:

Service	Provider
Responsible Entity	Equity Trustees Limited
Investment Manager	Ventura Investment Management Ltd
Sub-Investment Manager	Kaplan Funds Management Pty Limited
Custodian and Administrator	National Australia Bank Limited
Statutory Auditor	Deloitte Touche Tohmatsu

Directors

The following persons held office as directors of Equity Trustees Limited during or since the end of the year and up to the date of this report:

Philip D Gentry	Chairman
Harvey H Kalman	
Martin G Walsh	(resigned 9 June 2017)
Geoffory R Rimmer	(resigned 4 October 2016)
Ian C Westley	(appointed 12 December 2016)

Review and results of operations

During the year, the Fund continued to invest its funds in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The Fund's performance was 8.30% (net of fees) for the year ended 30 June 2017. The Fund's benchmark, the 1-year Bank Bill Swap Rate (BBSW) returned 1.76% for the same period.

Directors' report (continued)

Review and results of operations (continued)

The performance of the Fund, as represented by the results of its operations, was as follows:

	Year ended	
	30 June 2017	30 June 2016
Operating profit/(loss) before finance costs attributable to unit holders (\$'000)	2,050	1,408
Distributions paid and payable (\$'000)	1,717	1,851
Distributions (cents per unit)	5.9277	5.8919

Significant changes in the state of affairs

Geoffroy R Rimmer resigned as a director of Equity Trustees Limited on 4 October 2016.

Ian C Westley was appointed as a director of Equity Trustees Limited on 12 December 2016.

Martin G Walsh resigned as a director of Equity Trustees Limited on 9 June 2017.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Fund that occurred during the financial year.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2017 that has significantly affected, or may have a significant effect on:

- (i) the operations of the Fund in future financial years;
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the Product Disclosure Statement and the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnification and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to the officers of Equity Trustees Limited. So long as the officers of Equity Trustees Limited act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Directors' report (continued)

Indemnification of auditor

The auditor of the Fund is in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity and its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in Note 17 to the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in Note 17 to the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in Note 10 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors of Equity Trustees Limited.

Philip D Gentry
Chairman

Melbourne
31 August 2017

31 August 2017

The Board of Directors
Equity Trustees Limited
Level 1, 575 Bourke Street
MELBOURNE VIC 3000

Dear Board Members,

Independence Declaration – All Star KFM Income Fund

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the Directors of Equity Trustees Limited, the Responsible Entity, regarding the financial report of All Star KFM Income Fund (the "Fund").

As lead audit partner for the audit of the financial statements of the Fund for the financial year ended 30 June 2017, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours faithfully

DELOITTE TOUCHE TOHMATSU

Statement of comprehensive income

		Year ended	
		30 June	30 June
		2017	2016
	Note	\$'000	\$'000
Investment income			
Interest income		188	262
Dividend and distribution income	5	1,033	1,218
Net gains/(losses) on financial instruments held at fair value through profit or loss	6	1,293	169
Other income		<u>18</u>	<u>4</u>
Total investment income		<u>2,532</u>	<u>1,653</u>
Expenses			
Management and performance fees	17	439	204
Transaction costs		14	10
Other expenses		<u>29</u>	<u>31</u>
Total expenses		<u>482</u>	<u>245</u>
Operating profit/(loss)		<u>2,050</u>	<u>1,408</u>
Finance costs attributable to unit holders			
Distributions to unit holders	11	(1,717)	(1,851)
(Increase)/decrease in net assets attributable to unit holders	10	<u>(333)</u>	<u>443</u>
Profit/(loss) for the year		<u>-</u>	<u>-</u>
Other comprehensive income		<u>-</u>	<u>-</u>
Total comprehensive income for the year		<u>-</u>	<u>-</u>

The above statement of comprehensive income should be read in conjunction with the accompanying notes.

Statement of financial position

		As at	
	Note	30 June 2017 \$'000	30 June 2016 \$'000
Assets			
Cash and cash equivalents	12	1,970	751
Due from brokers - receivable for securities sold		115	-
Receivables	14	147	207
Financial assets held at fair value through profit or loss	7	23,302	25,602
Total assets		25,534	26,560
Liabilities			
Distribution payable		686	652
Due to brokers - payable for securities purchased		31	-
Payables	15	171	121
Financial liabilities held at fair value through profit or loss	8	51	141
Total liabilities (excluding net assets attributable to unit holders)		939	914
Net assets attributable to unit holders - liability	10	24,595	25,646

The above statement of financial position should be read in conjunction with the accompanying notes.

Statement of changes in equity

	Year ended	
	30 June 2017 \$'000	30 June 2016 \$'000
Total equity at the beginning of the financial year	-	-
Profit/(loss) for the year	-	-
Other comprehensive income	-	-
Total comprehensive income	-	-
Transactions with owners in their capacity as owners	-	-
Total equity at the end of the financial year	-	-

Under Australian Accounting Standards, net assets attributable to unit holders are classified as a liability rather than equity. As a result, there was no equity at the start or end of the financial year.

The above statement of changes in equity should be read in conjunction with the accompanying notes.

Statement of cash flows

		Year ended	
		30 June	30 June
		2017	2016
	Note	\$'000	\$'000
Cash flows from operating activities			
Proceeds from sale of financial instruments held at fair value through profit or loss		9,482	4,381
Purchase of financial instruments held at fair value through profit or loss		(6,063)	(655)
Transaction costs on financial instruments held at fair value through profit or loss		(14)	(11)
Interest income received		180	262
Dividends and distributions received		1,113	1,241
Other income received		18	4
GST received/(paid)		(6)	1
Management and performance fees paid		(356)	(214)
Other expenses paid		(29)	(32)
Net cash inflow/(outflow) from operating activities	13(a)	<u>4,325</u>	<u>4,977</u>
Cash flows from financing activities			
Proceeds from applications by unit holders		15,764	3,569
Payments for redemptions by unit holders		(17,282)	(6,522)
Distributions paid to unit holders		(1,588)	(1,578)
Net cash inflow/(outflow) from financing activities		<u>(3,106)</u>	<u>(4,531)</u>
Net increase/(decrease) in cash and cash equivalents		<u>1,219</u>	<u>446</u>
Cash and cash equivalents at the beginning of the year		<u>751</u>	<u>305</u>
Cash and cash equivalents at the end of the year	12	<u>1,970</u>	<u>751</u>
Non-cash operating and financing activities	13(b)	95	84

The above statement of cash flows should be read in conjunction with the accompanying notes.

1 General information

These financial statements cover All Star KFM Income Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme which was constituted on 12 July 2007 and will terminate on 11 July 2087, unless terminated earlier in accordance with the provisions of the Fund's Constitution.

The Responsible Entity of the Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975) (the "Responsible Entity"). The Responsible Entity's registered office is Level 1, 575 Bourke Street, Melbourne, VIC 3000. The financial statements are presented in the Australian currency unless otherwise noted.

The Fund invests predominantly in high yielding securities listed on the Australian Securities Exchange such as hybrid securities (fixed and floating), money market and fixed interest investments, property trusts, preference shares, utilities and infrastructure stocks and ordinary shares, particularly high yielding securities such as bank shares, as well as cash. Option strategies are used for generating income and asset protection. The Fund will continue to invest in accordance with the Product Disclosure Statement and the provisions of the Fund's Constitution.

The financial statements were authorised for issue by the directors on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities and net assets attributable to unit holders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at reporting date.

In the case of net assets attributable to unit holders, the units are redeemable on demand at the unit holder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with IFRS as issued by the International Accounting Standards Board (IASB).

(ii) New and amended standards adopted by the Fund

The amendments to AASB 107 *Statement of Cash Flows* have been early adopted. The Fund has elected to adopt the amendments made by AASB 2016-2 *Amendments to Australian Accounting Standards - Disclosure Initiative: Amendments to AASB 107* early. This amendment requires disclosure of changes in liabilities arising from financing activities. The relevant information is provided in Note 10.

There are no other new standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2016 that have a material impact on the Fund.

2 Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

(iii) New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for the 30 June 2017 reporting period and have not been early adopted by the Fund. The directors' assessment of the impact of these new standards (to the extent relevant to the Fund) and interpretations is set out below:

- **AASB 9 *Financial Instruments*** (and applicable amendments) (effective from 1 January 2018)

AASB 9 addresses the classification, measurement and derecognition of financial assets and financial liabilities. It has now also introduced revised rules around hedge accounting and impairment. The standard is not applicable until 1 January 2018 but is available for early adoption. The directors do not expect this to have a significant impact on the recognition, classification and measurement of the Fund's financial instruments as they are carried at fair value through profit or loss. The derecognition rules have not changed from the previous requirements, and the Fund does not apply hedge accounting. AASB 9 introduces a new impairment model. However, as the Fund's investments are all held at fair value through profit or loss, the change in impairment rules will not impact the Fund. The Fund has not yet decided when to adopt AASB 9.

- **AASB 15 *Revenue from Contracts with Customers*** (effective from 1 January 2018)

AASB 15 will replace AASB 118 *Revenue* which covers contracts for goods and services and AASB 111 *Construction Contracts* which covers construction contracts. AASB 15 is based on the principle that revenue is recognised when control of a good or service transfers to a customer – so the notion of control replaces the existing notion of risks and rewards.

The Fund's main sources of income are interest, dividends and distributions and gains on financial instruments held at fair value. All of these are outside the scope of the new revenue standard. As a consequence, the directors do not expect the adoption of AASB 15 to have a significant impact on the Fund's accounting policies or the amounts recognised in the financial statements. The Fund has not yet decided when to adopt AASB 15.

There are no other standards that are not yet effective and that are expected to have a material impact on the Fund in the current or future reporting periods and on foreseeable future transactions.

(b) Financial instruments

(i) Classification

The Fund's investments are classified as held at fair value through profit or loss. They comprise of:

- Financial instruments held for trading

These are investments in derivative financial instruments such as Australian exchange traded options. The Fund does not designate any derivatives as hedges in a hedging relationship.

- Financial instruments designated at fair value through profit or loss upon initial recognition

These include financial assets and liabilities that are not held for trading purposes and which may be sold. These are investments in exchange traded debt and equity securities.

Financial assets and liabilities designated at fair value through profit or loss at inception are those managed and their performance evaluated on a fair value basis in accordance with the Fund's documented investment strategy as outlined in the Product Disclosure Statement. The Fund's policy is for the Investment Manager to evaluate information about these financial instruments on a fair value basis together with other related financial information.

2 Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

(ii) Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets or financial liabilities from this date.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or the Fund has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised when the obligation under the liabilities is discharged.

(iii) Measurement

- Financial instruments held at fair value through profit or loss

At initial recognition, the Fund measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of 'financial assets or liabilities at fair value through profit or loss' category are presented in the statement of comprehensive income in the period in which they arise.

For further details on how the fair value of financial instruments is determined please see Note 4 to the financial statements.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when the Fund has a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

As at the end of the reporting period, there are no financial assets or liabilities offset or with the right to offset in the statement of financial position.

(c) Net assets attributable to unit holders

Units are redeemable at the unit holders' option; however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unit holders. The units are classified as financial liabilities as the Fund is required to distribute its distributable income in accordance with the Fund's Constitution.

The units can be put back to the Fund at any time for cash based on the redemption price.

The units are carried at the redemption amount that is payable at the reporting date if the holder exercises the right to put the units back to the Fund.

2 Summary of significant accounting policies (continued)

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as trading of these securities represent the Fund's main income generating activity.

(e) Investment income

(i) Interest income

Interest income on cash and cash equivalents and all financial instruments is recognised in the statement of comprehensive income on an accruals basis. Changes in fair value of financial instruments are recorded in accordance with the policies described in Note 2(b) to the financial statements.

(ii) Dividends and distributions

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense.

Trust distributions are recognised on an entitlement basis.

(f) Expenses

All expenses are recognised in the statement of comprehensive income on an accruals basis.

(g) Income tax

Under current legislation, the Fund is not subject to income tax as unit holders are presently entitled to the income of the Fund. The benefits of any imputation credits and foreign tax paid are passed on to unit holders.

(h) Distributions

The Fund distributes its distributable income, in accordance with the Fund's Constitution, to unit holders by cash or reinvestment. The distributions are recognised in the statement of comprehensive income as finance costs attributable to unit holders.

(i) Increase/decrease in net assets attributable to unit holders

Income not distributed is included in net assets attributable to unit holders. Movements in net assets attributable to unit holders are recognised in the statement of comprehensive income as finance costs.

(j) Functional and presentation currency

Balances included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

2 Summary of significant accounting policies (continued)

(k) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by year end. Trades are recorded on trade date, and normally settled within two business days. A provision for impairment of amounts due from brokers is established when there is objective evidence that the Fund will not be able to collect all amounts due from the relevant broker. Indicators that the amount due from brokers is impaired include significant financial difficulties of the broker, and the probability that the broker will enter into bankruptcy or financial reorganisation and default in payments.

(l) Receivables

Receivables may include amounts for interest, dividends and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Where applicable, interest is accrued on a daily basis. Amounts are generally received within 30 days of being recorded as receivables.

Collectability of receivables is reviewed on an ongoing basis. Receivables which are known to be uncollectable are written off by reducing the carrying amount directly. The amount of the impairment loss is recognised in the statement of comprehensive income within other expenses. Subsequent recoveries of amounts previously written off are credited against other expenses in the statement of comprehensive income.

(m) Payables

Payables include liabilities and accrued expenses owed by the Fund which are unpaid as at the end of the reporting period.

As the Fund has a contractual obligation to distribute its distributable income, a separate distribution payable is recognised in the statement of financial position as at the end of each reporting period where this amount remains unpaid as at the end of the reporting period.

(n) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(o) Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as management, administration and custodian services where applicable, have been passed on to the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%. Hence, fees for these services and any other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Amounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(p) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the current and next financial year. Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Investment Manager.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations, require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For more information on how fair value is calculated refer to Note 4 to the financial statements.

2 Summary of significant accounting policies (continued)

(q) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest thousand dollars unless otherwise indicated.

3 Financial risk management

The Fund's activities expose it to a variety of financial risks including market risk (which incorporates price risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management programme focuses on ensuring compliance with the Fund's Constitution, the Product Disclosure Statement and the investment guidelines of the Fund. It also seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance.

All securities investments present a risk of loss of capital. The maximum loss of capital on long equity and debt securities is limited to the fair value of those positions.

The investments of the Fund, and associated risk, are managed by a specialist Investment Manager, Ventura Investment Management Ltd ('Ventura') under an Investment Management Agreement (IMA) approved by the Responsible Entity, and containing the investment strategy and guidelines of the Fund, consistent with those stated in the Product Disclosure Statement. Ventura have subsequently appointed a Sub-Investment Manager, Kaplan Funds Management Pty Limited, under Sub-Investment Management Agreement (sub-IMA).

The Fund uses different methods to measure different types of risk to which it is exposed. These methods are explained below.

(a) Market risk

(i) Price risk

The Fund is exposed to price risk on equity securities listed or quoted on recognised securities exchanges. Price risk arises from investments held by the Fund for which prices in the future are uncertain.

Price risk is managed by the Sub-Investment Manager. The Sub-Investment Manager mitigates price risk through diversification and a careful selection of securities and other financial instruments in accordance with the investment mandate of the Fund.

The Fund's overall market positions are monitored on a regular basis by the Sub-Investment Manager. This information and the compliance with the Fund's Product Disclosure Statement are reported to the Investment Manager's compliance manager and other key management personnel.

The table in Note 3(b) summarises the sensitivity of the Fund's operating profit and net assets attributable to unit holders to price risk. The analysis is based on the assumption that the markets in which the Fund invests moves by +/- 10% (2016: +/- 10%).

(ii) Interest rate risk

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis.

The Fund's main interest rate risk arises from its investment in floating rate notes, fixed interest bonds and convertible notes.

Interest rate risk is managed by Sub-Investment Manager.

3 Financial risk management (continued)

(a) Market risk (continued)

(ii) Interest rate risk (continued)

The table below summarises the Fund's exposure to interest rate risk at the end of the reporting period.

	Floating interest rate \$'000	Fixed interest rate				Non- interest bearing \$'000	Total \$'000
		3 months or less \$'000	4 to 12 months \$'000	1 to 5 years \$'000	Over 5 years \$'000		
As at 30 June 2017							
Assets							
Cash and cash equivalents	962	1,008	-	-	-	-	1,970

The table in Note 3(b) summarises the impact of an increase/decrease of interest rates on the Fund's operating profit and net assets attributable to unit holders through changes in fair value of changes in future cash flows. The analysis is based on the assumption that the interest rates changed by +/- 25 basis points (2016: +/- 25 basis points) from the year end rates with all other variables held constant.

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unit holders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates and the historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

	Impact on operating profit/net assets attributable to unit holders			
	Price risk		Interest rate risk	
	-10% \$'000	+10% \$'000	-25bps \$'000	+25bps \$'000
As at 30 June 2017	(1,446)	962	3	(3)
As at 30 June 2016	(1,736)	984	10	(10)

3 Financial risk management (continued)

(c) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay its obligations in full when they fall due, causing a financial loss to the Fund.

The main concentration of credit risk, to which the Fund is exposed, arises from the Fund's investment in debt securities. The Fund is also exposed to counterparty credit risk on derivative financial instruments, cash and cash equivalents, amounts due from brokers and other receivables.

The Sub-Investment Manager monitors the Fund's credit position on a regular basis. This information and the compliance with the Fund's policy are reported to the Investment Manager's compliance manager and other key management personnel. All contracts are with counterparties included in the Sub-Investment Manager's Approved Counterparties list.

(i) Debt securities

The Fund invests in debt securities which have an investment grade categorisation as rated by Standard & Poor's Ratings Services. For unrated assets a rating is assigned by the Sub-Investment Manager using an approach that is consistent with the approach used by rating agencies. All debt securities must have a minimum investment grade as outlined in the Fund's Product Disclosure Statement.

An analysis of debt by rating is set out in the table below.

	AAA \$'000	A- \$'000	BBB \$'000	Unrated \$'000
As at 30 June 2017				
Financial assets at fair value through profit or loss				
Convertible notes	-	-	-	832
Floating rate notes	-	-	549	1,976
Total	-	-	549	2,808
As at 30 June 2016				
Financial assets at fair value through profit or loss				
Convertible notes	-	-	-	691
Floating rate notes	-	-	558	2,707
Total	-	-	558	3,398

(ii) Derivative financial instruments

For derivative financial instruments, the Investment Manager has established limits such that, at any time, less than 10% of the fair value of favourable contracts outstanding are with any individual counterparty.

The Fund also restricts its exposure to credit losses on the trading of derivative instruments it holds by entering into master netting arrangements with counterparties (approved brokers) with whom it undertakes a significant volume of transactions. Master netting arrangements do not result in an offset of financial assets and liabilities, as transactions are usually settled on a gross basis. However, the credit risk associated with favourable contracts is reduced by master netting arrangement to the extent that if an event of default occurs, all amounts with the counterparty are closed and settled on a net basis. The Fund's overall exposure to credit risk on derivative instruments subject to a master netting arrangement can change substantially within a short period, as it is affected by each transaction subject to the arrangements. As at 30 June 2017, the Fund had no master netting arrangements (30 June 2016: nil).

3 Financial risk management (continued)

(c) Credit risk (continued)

(iii) Settlement of securities transactions

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered low, as delivery of securities sold is only made once the broker has received payment. Payment is made once the securities purchased have been received by the broker. The trade will fail if either party fails to meet its obligations.

(iv) Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a rating of AA- (as determined by Standard & Poor's Ratings Services) or higher.

(v) Other

The Fund is not materially exposed to credit risk on other financial assets.

(d) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Exposure to liquidity risk for the Fund may arise from the requirement to meet daily unit holder redemption requests.

The Sub-Investment Manager monitors the Fund's liquidity position on a regular basis. The information and the compliance with the Fund's policy are reported to the Investment Manager's compliance manager and other key management personnel.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders. The Fund did not reject or withhold any redemptions during 2017 and 2016.

(i) Maturities of non-derivative financial liabilities

The table below analyses the Fund's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at reporting date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows. Units are redeemed on demand at the unit holder's option. However, the Responsible Entity does not envisage that the contractual maturity disclosed in the table below will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

	Less than 1 month \$'000	1 to 6 months \$'000	6 to 12 months \$'000	Over 12 months \$'000	Total \$'000
As at 30 June 2017

4 Fair value measurement

The Fund measures and recognises financial assets and liabilities held at fair value through profit or loss on a recurring basis.

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the financial statements. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

(a) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives, interest bearing securities, and listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The quoted market price used for financial assets held by the Fund is the current bid price; the quoted market price for financial liabilities is the current asking price. When the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(b) Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date. The fair value of an option contract is determined by applying the Black Scholes option valuation model.

4 Fair value measurement (continued)

(c) Recognised fair value measurements

The table below presents the Fund's financial assets and liabilities measured and recognised at fair value as at 30 June 2017.

	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
As at 30 June 2017				
Financial assets				
Financial assets designated at fair value through profit or loss:				
Australian listed equity securities	19,945	-	-	19,945
Debt securities	<u>2,924</u>	<u>433</u>	-	<u>3,357</u>
Total financial assets	<u>22,869</u>	<u>433</u>	-	<u>23,302</u>
Financial liabilities				
Financial liabilities held for trading:				
Australian exchange traded options	<u>51</u>	-	-	<u>51</u>
Total financial liabilities	<u>51</u>	-	-	<u>51</u>
As at 30 June 2016				
Financial assets				
Financial assets designated at fair value through profit or loss:				
Australian listed equity securities	21,646	-	-	21,646
Debt securities	<u>3,956</u>	-	-	<u>3,956</u>
Total financial assets	<u>25,602</u>	-	-	<u>25,602</u>
Financial liabilities				
Financial liabilities held for trading:				
Australian exchange traded options	<u>141</u>	-	-	<u>141</u>
Total financial liabilities	<u>141</u>	-	-	<u>141</u>

(d) Transfer between levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period.

(e) Financial instruments not carried at fair value

The carrying value of receivables and payables are assumed to approximate their fair values.

Net assets attributable to unit holders' carrying value differ from its fair value (deemed to be redemption price for individual units) due to differences in valuation inputs. This difference is not material in the current or prior year.

5 Dividend and distribution income

	Year ended	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Dividends	647	728
Trust distributions	<u>386</u>	<u>490</u>
Total dividend and distribution income	<u>1,033</u>	<u>1,218</u>

6 Net gains/(losses) on financial instruments held at fair value through profit or loss

Net gains/(losses) recognised in relation to financial assets and liabilities held at fair value through profit or loss:

	Year ended	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Financial assets		
Net realised gain/(loss) on financial assets held at fair value through profit or loss	462	(102)
Net unrealised gain/(loss) on financial assets held at fair value through profit or loss	<u>731</u>	<u>119</u>
Net gains/(losses) on financial assets designated at fair value through profit or loss	<u>1,193</u>	<u>17</u>
Financial liabilities		
Net realised gain/(loss) on financial liabilities held for trading	55	166
Net unrealised gain/(loss) on financial liabilities held for trading	<u>45</u>	<u>(14)</u>
Net gains/(losses) on financial liabilities held for trading	<u>100</u>	<u>152</u>
Total net gains/(losses) on financial instruments held at fair value through profit or loss	<u>1,293</u>	<u>169</u>

7 Financial assets held at fair value through profit or loss

	As at	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Designated at fair value through profit or loss		
Australian listed equity securities	19,945	21,646
Debt securities	<u>3,357</u>	<u>3,956</u>
Total designated at fair value through profit or loss	<u>23,302</u>	<u>25,602</u>
Total financial assets held at fair value through profit or loss	<u>23,302</u>	<u>25,602</u>

8 Financial liabilities held at fair value through profit or loss

	As at	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Held for trading		
Australian exchange traded options	<u>51</u>	<u>141</u>
Total designated at fair value through profit or loss	<u>51</u>	<u>141</u>
Total financial liabilities held at fair value through profit or loss	<u>51</u>	<u>141</u>

9 Derivative financial instruments

In the normal course of business the Fund enters into transactions in various derivative financial instruments which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments such as forwards, futures and options. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Fund's portfolio management. Derivatives are not managed in isolation. Consequently, the use of derivatives is multifaceted and includes:

- hedging to protect an asset or liability of the Fund against a fluctuation in market values, foreign exchange risk or to reduce volatility;
- a substitution for trading of physical securities; and
- adjusting asset exposures within the parameters set in the investment strategy, and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.

While derivatives are used for trading purposes, they are not used to gear (leverage) a portfolio. Gearing a portfolio would occur if the level of exposure to the markets exceeds the underlying value of the Fund.

The Fund holds the following derivatives:

(a) Options

An option is a contractual arrangement under which the seller (writer) grants the purchaser (holder) the right, but not the obligation, either to buy (a call option) or sell (a put option) at or by a set date or during a set period, a specific amount of securities or a financial instrument at a predetermined price. The seller receives a premium from the purchaser in consideration for the assumption of future securities price risk. Options held by the Fund are exchange-traded. The Fund is exposed to credit risk on purchased options to the extent of their carrying amount, which is their fair value. Options are settled on a gross basis.

The Fund's derivative financial instruments at year end are detailed below:

	Contractual/ notional \$'000	Assets \$'000	Liabilities \$'000
As at 30 June 2017			
Australian exchange traded options	<u>2,718</u>	<u>-</u>	<u>51</u>
Total	<u>2,718</u>	<u>-</u>	<u>51</u>
 As at 30 June 2016			
Australian exchange traded options	<u>2,987</u>	<u>-</u>	<u>141</u>
Total	<u>2,987</u>	<u>-</u>	<u>141</u>

Information about the Fund's exposure to credit risk and interest rate risk and about the methods and assumptions used in determining fair values is provided in Note 3 and Note 4 to the financial statements. The maximum exposure to credit risk at the end of the financial year is the carrying amount of each class of derivative financial instruments disclosed above.

10 Net assets attributable to unit holders

Movements in the number of units and net assets attributable to unit holders during the year were as follows:

	Year ended		Year ended	
	30 June 2017 Units '000	30 June 2016 Units '000	30 June 2017 \$'000	30 June 2016 \$'000
Opening balance	30,320	33,658	25,646	28,893
Applications	18,207	4,192	15,770	3,564
Redemptions	(19,928)	(7,630)	(17,249)	(6,452)
Reinvestment of distributions	111	100	95	84
Increase/(decrease) in net assets attributable to unit holders	-	-	333	(443)
Closing balance	28,710	30,320	24,595	25,646

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund.

There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemed on demand at the unit holder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within twelve months after the end of the reporting period cannot be reliably determined.

Capital risk management

The Fund considers its net assets attributable to unit holders as capital, notwithstanding that net assets attributable to unit holders are classified as a liability. The amount of net assets attributable to unit holders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unit holders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interests of unit holders.

11 Distributions to unit holders

The distributions declared during the year were as follows:

	Year ended		Year ended	
	30 June 2017 \$'000	30 June 2017 CPU	30 June 2016 \$'000	30 June 2016 CPU
Distributions				
September	341	1.1628	470	1.4152
December	375	1.2869	364	1.1570
March	315	1.0888	365	1.1685
June (payable)	686	2.3892	652	2.1512
Total distributions	1,717	5.9277	1,851	5.8919

12 Cash and cash equivalents

	As at	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Cash at bank	<u>1,970</u>	<u>751</u>
Total cash and cash equivalents	<u>1,970</u>	<u>751</u>

This account is earning a floating interest rate of between 1.05% and 1.30% as at 30 June 2017 (30 June 2016: 1.30% and 1.55%).

13 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Year ended	
	30 June	30 June
	2017	2016
	\$'000	\$'000
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities		
Profit/(loss) for the year	-	-
Increase/(decrease) in net assets attributable to unit holders	333	(443)
Distribution to unit holders	1,717	1,851
Proceeds from sale of financial instruments held at fair value through profit or loss	9,482	4,381
Purchase of financial instruments held at fair value through profit or loss	(6,063)	(655)
Net (gains)/losses on financial instruments held at fair value through profit or loss	(1,293)	(169)
Net change in receivables	66	24
Net change in payables	<u>83</u>	<u>(12)</u>
Net cash inflow/(outflow) from operating activities	<u>4,325</u>	<u>4,977</u>
(b) Non-cash operating and financing activities		
The following distribution payments to unit holders were satisfied by the issue of units under the distribution reinvestment plan	<u>95</u>	<u>84</u>
Total non-cash operating and financing activities	<u>95</u>	<u>84</u>

As described in Note 2(i), income not distributed is included in net assets attributable to unit holders. The change in this amount for the year (as reported in 13(a)) represents a non-cash financing cost as it is not settled in cash until such time as it becomes distributable.

14 Receivables

	As at	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Dividends receivable	45	47
Distributions receivable	77	155
Applications receivable	7	1
GST receivable	10	4
Interest receivable	8	-
Total receivables	<u>147</u>	<u>207</u>

15 Payables

	As at	
	30 June	30 June
	2017	2016
	\$'000	\$'000
Management and performance fees payable	135	52
Redemptions payable	29	62
Other expense payable to the Investment Manager	7	7
Total payables	<u>171</u>	<u>121</u>

16 Remuneration of auditor

During the year the following fees were paid or payable for services provided by the auditor of the Fund:

	Year ended	
	30 June	30 June
	2017	2016
	\$	\$
Deloitte Touche Tohmatsu		
<i>Audit and other assurance services</i>		
Audit and review of financial statements	13,260	13,000
Audit of compliance plan	<u>3,260</u>	<u>3,200</u>
Total remuneration for audit and other assurance services	<u>16,520</u>	<u>16,200</u>
<i>Taxation services</i>		
Tax compliance services	<u>5,140</u>	<u>5,040</u>
Total remuneration for taxation services	<u>5,140</u>	<u>5,040</u>
Total remuneration of Deloitte Touche Tohmatsu	<u>21,660</u>	<u>21,240</u>

The auditor's remuneration for 2017 and 2016 was borne by the Investment Manager. Fees are stated net of GST.

17 Related party transactions

The Responsible Entity of All Star KFM Income Fund is Equity Trustees Limited (ABN 46 004 031 298) (AFSL 240975). Accordingly, transactions with entities related to Equity Trustees Limited are disclosed below.

The Responsible Entity has contracted services to Ventura Investment Management Ltd, to act as Investment Manager who has appointed a Sub-Investment Manager Kaplan Funds Management Pty Limited, and National Australia Bank Limited to act as Custodian and Administrator for the Fund. The contracts are on normal commercial terms and conditions.

(a) Key management personnel

(i) Directors

Key management personnel include persons who were directors of Equity Trustees Limited at any time during or since the end of the financial year and up to the date of this report.

Philip D Gentry	Chairman
Harvey H Kalman	
Martin G Walsh	(resigned 9 June 2017)
Geoffory R Rimmer	(resigned 4 October 2016)
Ian C Westley	(appointed 12 December 2016)

(ii) Other key management personnel

There were no other key management personnel with responsibility for planning, directing and controlling activities of the Fund, directly or indirectly during the financial year.

(b) Transactions with key management personnel

There were no transactions with key management personnel during the year.

(c) Key management personnel unit holdings

Key management personnel did not hold units in the Fund as at 30 June 2017 (30 June 2016: nil).

(d) Key management personnel compensation

Key management personnel are paid by Equity Trustees Limited. Payments made from the Fund to Equity Trustees Limited do not include any amounts directly attributable to the compensation of key management personnel.

(e) Key management personnel loans

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to key management personnel or their personally related entities at any time during the year.

(f) Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund during the financial year and there were no material contracts involving management personnel's interests existing at year end.

(g) Responsible Entity and Investment Manager's fees and other transactions

Under the terms of the Fund's Constitution and the current Product Disclosure Statement, the Responsible Entity and the Investment Manager are entitled to receive management fees. The Investment Manager is also entitled to a performance fee.

17 Related party transactions (continued)

Responsible Entity and Investment Manager's fees and other transactions (continued)

The transactions during the year and amounts payable as at year end between the Fund, the Responsible Entity and the Investment Manager were as follows:

	Year ended	
	30 June 2017 \$	30 June 2016 \$
Investment management fees for the year	190,934	204,286
Performance fees for the year	247,595	-
Investment Manager fees payable at year end	134,776	52,397
Other expense payable to the Investment Manager at year end	6,680	6,852

For information on how management and performance fees are calculated please refer to the Fund's Product Disclosure Statement.

The management fees borne by the Fund are paid to the Investment Manager, who in turn provides the on-payment of the fees to the respective service providers. Expense recoveries include Responsible Entity fees, Custodian and Administrator fees and other expenses.

Investment Management fees reimbursed represent monies put into the Fund to ensure that the Fund's overall management costs remain within that defined in the Product Disclosure Statement.

Equity Trustees Limited earned \$30,000 (2016: \$30,000) for Responsible Entity services to the Fund.

(h) Related party unit holdings

Parties related to the Fund (including Equity Trustees Limited, its related parties and other schemes managed by Equity Trustees Limited and the Investment Manager) held no units in the Fund as at 30 June 2017 (30 June 2016: nil).

(i) Investments

The Fund did not hold any investments in Equity Trustees Limited or its related parties during the year (2016: nil).

18 Events occurring after the reporting period

No significant events have occurred since the end of the year which would impact on the financial position of the Fund as disclosed in the statement of financial position as at 30 June 2017 or on the results and cash flows of the Fund for the year ended on that date.

19 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 30 June 2017 and 30 June 2016.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) The financial statements and notes set out on pages 6 to 30 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 30 June 2017 and of its performance for the financial year ended on that date.
- (b) There are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.
- (c) Note 2(a) confirms that the financial statements also comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors of Equity Trustees Limited.

Independent Auditor's Report to the Unit Holders of All Star KFM Income Fund

Opinion

We have audited the financial report of All Star KFM Income Fund (the "Fund") which comprises the statement of financial position as at 30 June 2017, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the Directors' declaration.

In our opinion, the accompanying financial report of the Fund is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Fund's financial position as at 30 June 2017 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Responsible Entity of the Fund (the "Directors"), would be in the same terms if given to Directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Directors are responsible for the other information. The other information comprises the information included in the Directors' report for the year ended 30 June 2017, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

Deloitte.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
