Investment Horizon

9 Years

Investment Objective

This suits investors with a minimum nine-year timeframe or those who are willing to accept high levels of investment value volatility in return for high potential investment performance. The 85 percent exposure to growth assets (shares, listed property and infrastructure) means that capital stability is only a minor consideration.

Investment Strategy

A low cost diversified portfolio of securities with an average exposure of 85% to growth assets and around 15% to defensive assets. The portfolio is designed for investors seeking capital growth over the long term, investing predominately in growth assets.
